

PLUGVAN

ENGINEERED FOR FREEDOM

TURN *every* PANEL VAN INTO A CAMPER

THE PLUGVAN CAMPER MODULE IS
INSTALLED WITHIN 5 MINUTES!

PLUGVAN CAMPER MODULE

PLUGVAN CAMPER MODULE

A 5 MINUTE TRANSFORMATION FROM PANEL VAN TO CAMPER

With the PlugVan camper module you can turn a panel van into a full-fledged camper within 5 minutes – and also back again. This way you stay flexible and are prepared for a **city trip, an excursion to the countryside or a relaxing holiday at all times**. Simply load the PlugVan camper module, lash it and start your trip.

The **lifting roof** increases the standing height by 26 cm (0'9")

Individual configuration of the interior

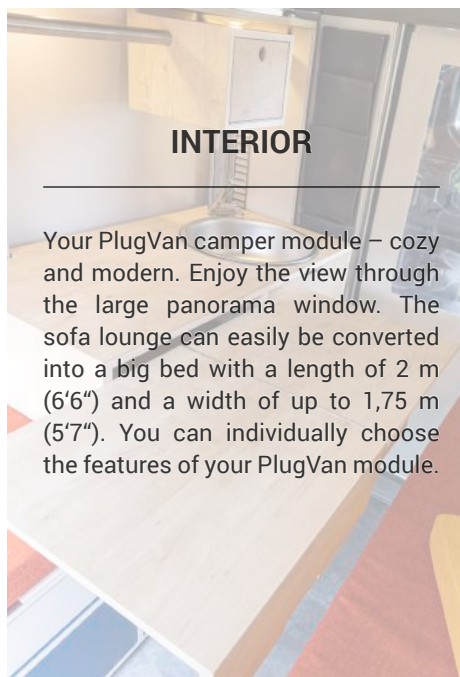

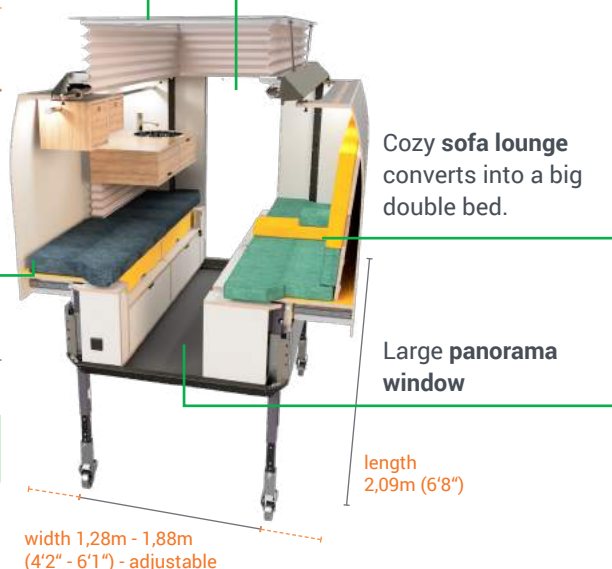

ADVANTAGES

- Full-fledged camper module with a big double bed and a lot of storage space
- Multifunctional use of the vehicle – as transporter or camper
- Suitable for rental vehicles as no change to the van is necessary
- Individual configuration of interior
- Fits into 3,5t panel vans of almost every model
- Compatible with the following van models: Citroën Jumper / Fiat Ducato / Ford Transit/Hyundai H350 / Iveco Daily / MAN TGE /Mercedes Sprinter / Nissan NV 400 / Opel Movano / Peugeot Boxer / Renault Master / VW Crafter

height 1,72m - 1,98m (5'6" - 6'5") - adjustable

Side extensions for optimal **adaptation to the width of the vehicle**

Integrated chassis for easy loading and unloading by yourself

INTERIOR

Your PlugVan camper module – cozy and modern. Enjoy the view through the large panorama window. The sofa lounge can easily be converted into a big bed with a length of 2 m (6'6") and a width of up to 1,75 m (5'7"). You can individually choose the features of your PlugVan module.
